

# Our Team

Winstead Consulting is a team venture.

As in all things, Don is joined in the venture by Kathee Winstead. A talented professional with a strong background in nursing, health policy and developmental disabilities, Kathee assists with the administration of the company. Kathee combines her R.N. with a Masters in Special Education and over 30 years experience.

Don and Kathee are assisted by Saralee, their toy poodle and chief of pet therapy.
